LOCAL AUTHORITIES PENSION ACT

REPORT ON THE ACTIVITIES OF THE BOARD AND THE OPERATION OF THE ACT

The Local Authorities Pension Board met a total of 11 times during the fiscal year April 1, 1981 to March 31, 1982.

The following issues were dealt with by the Board at its meetings during the year:

1. Classification of non-cash remuneration (automobile) for pension purposes;
2. Simultaneous coverage under two pension plans;
3. Co-ordination of Canada Pension and Old Age Security with Joint Life pensions;
4. Calculation of prior service contributions in the absence of salary records;
5. Recognition of Transit Drivers' training period as pensionable service;
6. Transfer of Charles Camsell Hospital to the Local Authorities Pension Plan;
7. Inclusion of 'Long Service' pay in the definition of 'salary';
8. Transfer of ACCESS employees from Local Authorities to the Public Service Pension Plan;
9. Establishing guidelines for the enrolment of part-time, seasonal/sessional employees in the Local Authorities Pension Plan.

In addition, the Board dealt with the applications from new local authorities for participation in the plan, approval of L.T.D.I. plans and reciprocal transfer agreements with other pension authorities.

The Board also considered and ruled on 128 individual cases involving such matters as disability retirements, prior service, leave of absence, pensionable re-employment, payment of commuted value of pension, and transfer of contributions under reciprocal agreements with other pension authorities.

On behalf of the Board, the Chairman's office issued Pension Bulletins clarifying the position regarding accumulation of pensionable service by employees while in receipt of L.T.D.I. benefits.

Four issues of the Pension newsletter POSTSCRIPT were published and distributed during the year to all retired Alberta public employees free of charge. Its circulation is approximately 13,000. This publication keeps pensioners up to date on pension developments in the province and, to a limited degree, provides a forum for pensioners' concerns and views.

A pension seminar organized by Pension Boards Secretariat was held on October 29, 1981 at Westridge Park, Devon. Board members of all Alberta pension boards, including invited representatives from Alberta Government Telephones and Teachers Retirement Fund,

attended the seminar and contributed to the discussions on various aspects of pension policy. The Honourable Lou Hyndman delivered the keynote address.

On behalf of the Local Authorities Pension Board, the Pension Boards Secretariat presented 78 seminars for the employees and employer representatives participating in the Local Authorities Pension Plan.

The average age of the retirees under the pension plan during the year was 63 years and 2 months up from approximately 63 years in 1980-81.

PARTICIPATION

During the year April 1, 1981 to March 31, 1982, ten applications were accepted from local authorities to bring their employees or certain occupational classes of employees under the Local Authorities Pension Act.

As of March 31, 1982, there were accounts for *453 participating local authorities with a total membership of 63,590.

CONTRIBUTIONS

Employee contributions amounting to $41,037,693.95 and employer contributions totalling $59,593,794.84 were received during the year and deposited in the General Revenue Fund of the Province and subsequently transferred to the Pension Fund as per Sec.5(2) of the Pension Fund Act.

WITHDRAWALS

Withdrawals during the year totalled $10,366,778.57 and included refunds of contributions and interest to terminated employees, transfers under reciprocal agreements to other pension authorities, transfers to retirement savings plans and refunds of excess employee and employer contributions.

**Not including local authorities which merged with other local authorities or withdrew from the plan.*

RETIREMENTS AND BENEFITS

Six hundred fifty-seven retirement pensions were granted during the year inclusive of 43 deferred pensions which commenced in the fiscal period. Of these, 229 pensions were co-ordinated with Canada Pension and/or Old Age Security.

There was a significant increase in early retirements (reduced pension) over comparative periods extending back to the 1977/78 fiscal year. Trend in disability retirements shows a reduction due to the introduction and approval of Long Term Disability Income Protection programs by the various local authorities.

Fifty-one Spousal Pensions were granted to spouses of employees who had died while in service. Twenty-one of these pensions were co-ordinated with Old Age Security.

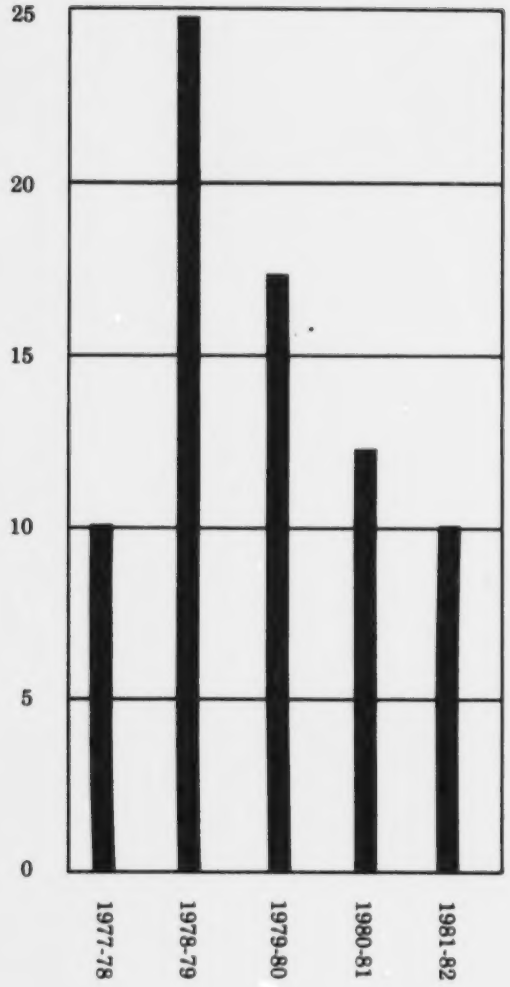
As of March 31, 1982, there were 6,587 pensions* being paid to pensioners, surviving spouses, and other beneficiaries of deceased pensioners or employees. Of these, 2,825 pensions were co-ordinated with Canada Pension and/or Old Age Security.

One hundred thirty-nine pensioners** died during the year. Fifty-six of these pensions expired while the remaining 83 pensions were transferred or were being transferred at March 1982 to the spouses and other beneficiaries of the deceased pensioners.

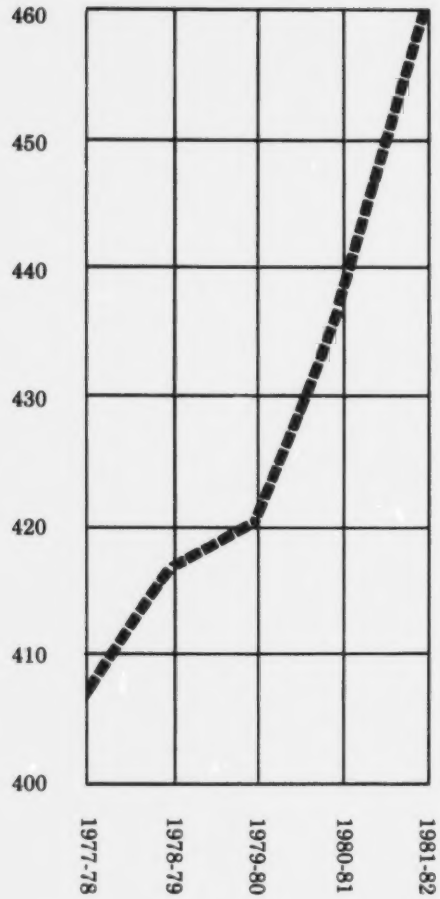
**Excluding 181 pension advances, equalling 90% of Normal pension, being paid to retirees pending receipt of choice of pension options.*

***Excluding nominees under Joint Life options and beneficiaries in receipt of Guaranteed Term pensions of deceased pensioners.*

PARTICIPATION



(5-Year Growth Pattern)



*Excluding local authorities which merged with other local authorities.
